All competitors will go straight onto the jump off without stopping. All team and individual members will go forward to the second part of the second round (jump off) unless eliminated. The first round score and the second round score will be combined to gain the total score. The jump off section will only be used where there are ties for equality. The second round will be scored as two parts, so for example a rider who goes clear in the first part, then accrues four faults in the second part (jump off) will be placed above a rider who accrued four faults in the first part, regardless of times or faults recorded in the second part of the round.

Jumping is for both senior and junior riders. It is open to teams of four riders and to individuals. Each team consists of two riders jumping a 75cm course and two riders jumping an 85cm course. Individuals may choose the height at which they jump. Riders jump one round and are judged on the style of their riding. Riders must salute the judge when entering the arena, and then canter a figure of eight until the signal to start is given; during this time, they will be judged for style on the flat.
